Education

Jamia Millia Islamia, New Delhi, India

Aug 2017 – Aug 2021

Bachelor of Technology in Electrical Engineering (*CGPA: 8.48/10*)

Anand Memorial Inter College, Ghaziabad, India

May 2015 – June 2016

Senior Secondary School (*83.2%*)

Experience

Kamyab (Remote)

Oct 2023 – Oct 2024

Full Stack Developer

- Developed a ReactJS-based web application to streamline government job applications, incorporating Ant Design, Tailwind CSS, and Axios for improved user experience and seamless navigation.
- Enabled users to discover the latest job openings and apply for them through simplified, customizable forms. Built a robust admin dashboard for managing job postings, user applications, and tracking order statuses, leveraging MongoDB for efficient data handling and management.

Tata Consultancy Services Ltd. (TCS)

Oct 2021 – Sept 2023

Software Engineer

– **Project - Lloyds Banking Group (React JS):**

- Developed various screens for many multilingual product detail websites using React JS, incorporating NPM modules for enhanced functionality. Utilized React, React Hooks, Redux, and React-Router to build scalable, reusable components and implement app routing.
- Collaborated with clients to gather requirements, produce plans, and enhance designs for improved usability and performance.

Technical Skills

- **Programming Languages:** JavaScript (Professional), Java (Familiarity)
- **Web Technologies:** HTML, CSS
- **Libraries/Frameworks:** React JS, Next JS, Node JS, Tailwind CSS, Redux/Toolkit, React Query
- **Database/Tools:** MongoDB, Supabase, Postman, GCP, Git & GitHub, VS Code

Projects

The Wild Oasis Website ([Live](#) — [GitHub](#))

Next.js, Tailwind CSS, NextAuth, Advanced React Hooks

- Developed a customer-facing website for The Wild Oasis hotel using Next.js, featuring authentication with NextAuth, Google Auth, and a comprehensive cabin reservation system with real-time booking updates.
- Optimized performance using advanced React hooks and Tailwind CSS for seamless navigation.

The Wild Oasis - Internal ([Live](#) — [GitHub](#))

React JS, Styled Comp, React Query, Supabase

- Developed a comprehensive hotel management system using React.js, Supabase, and various libraries. Implemented authentication, CRUD operations, and state management with React Query and Context API.
- Integrated dynamic dashboards with filters and options for dark mode, account management, and settings.

Worldwise ([Live](#) — [GitHub](#))

React JS, React Hooks, Leaflet

- Developed a travel web app with interactive map pinning using Leaflet, personalized travel notes, optimized performance with React hooks, and secure user authentication.

Awards & Achievements

- **Pro5.ai (formerly Mangtas):** Frontend Engineer Certificate for exceptional performance.
- **National Qualifier Test (NQT):** Scored 83.53% in verbal, numerical, programming, and reasoning abilities.
